City Heights Merger & Chula Vista Spanish Service

WHY THIS IS HAPPENING

1. Why is this happening?

As good stewards of what God has entrusted to us, we want every part of our church family to be served well, and right now our resources are spread too thin. City Heights has been a vibrant part of our church family. Joining together with Point Loma gives us a permanent home where we can worship side by side each week and keep growing together. Our Spanish-speaking family at Chula Vista will continue to be served and connected throughout the week through our Español Community. These are hard stewardship decisions, and they carry a real cost for people we love. We don't take that lightly.

2. Is this connected to the lower tithes and offerings?

Rock Church is thankful for everyone who has continued to be faithfully generous. However, cost of living and general expenses continue to rise in San Diego which has greatly impacted giving. Part of honoring your generosity is regularly asking how we can steward what God has given us most wisely, so our church can thrive and keep reaching people. This was one of those decisions, and we know it comes with real loss.

3. Did City Heights or our Spanish service do something wrong?

Not at all. God has done beautiful things through our City Heights campus and our Spanish service at Chula Vista, and we're grateful for every person who set up, served and showed up week after week. As our resources have been stretched thin, we've had to make hard stewardship decisions. City Heights is just minutes from Point Loma and isn't tied to a long-term lease, so bringing these families together lets us invest more fully in one growing home. Our Spanish-speaking family will continue to be served and connected throughout the week through our Español Community.

KIDS, GROUPS, & SERVING

10. What about my kids?

Point Loma has a kids ministry ready to welcome your family. Our team will help with first-time check-in on your first Sunday.

11. What happens to my small group?

Groups can keep meeting where they are today. Nothing changes unless your group decides it wants to.

12. I serve on a team at City Heights or at the CV Spanish Service. What now?

Thank you! We'll personally connect you with a Point Loma serve team, or another campus of your choosing. Fill out this form and our transition team will be in contact with you soon.

13. Will Rock Church still serve the City Heights and Spanish-speaking communities?

Yes. Our love for these communities isn't going anywhere. We'll continue serving the City Heights neighborhood through Provisions, our groups in the community, and the Christian club at Hoover High School. Our Spanish-speaking family will stay connected and cared for through midweek groups in our Español Community. Sunday worship is moving, but our commitment to these communities remains.

14. What about the City Heights and Spanish Service staff?

Some roles are changing as part of this transition. Every staff member has been cared for personally, and we're deeply grateful for their service.

15. Who can I talk to?

Of course Pastor Ryan and Pastor Nemo are always available on Sunday. If you prefer, we can also connect you with another pastor, please email feedback@sdrock.com with your questions and concerns.
