The Mission of the Rock Church is to Save, Equip and Send.

Miles McPherson, a former defensive back with the San Diego Chargers, is the Senior Pastor of Rock Church and founder of DoSomethingChurch.org - a vibrant affiliation dedicated to establishing Pervasive Hope in their communities through proactive community service. Rock Church is one of the largest churches in the US and home to over 140 outreach ministries. Rock Church hosts 15 services every weekend, with a weekly attendance of over 15,000 people at their three locations in San Diego County. In 2012, Rock Church members donated 233,712 hours of community service to the county of San Diego - a \$4 million value. Last year, Rock Church expanded to include a campus in east San Diego county and continues on with God's work to reach every street and every person for Jesus.

I recently bought my 10-year-old daughter an iPhone. It seemed like the right time and she's pretty smart and responsible. The phone was a revelation, a right of passage, and almost immediately I noticed a change in her behavior. It was as if she suddenly had a new BFF, a soul mate, a third arm, without which she would surely never be able to function normally again. This new friend came everywhere. It enjoyed meals with us. It went to church. It even participated in the weekend soccer games.

When I politely asked my daughter to put the phone away, it was as if I had discriminated in the worst kind of way. What I discovered was that sending the iPhone into exile would create a form of temporary insanity in my child, who was normally a little angel. Was my daughter getting high on information? Had I inadvertently created a little social media, texting, Face-timing monster?
