Heaven Came Down: God's Greatest Achievement

December 25, 2022

Based on the [broadcast message](#), read Luke 1:26-39, review the following statements and questions below, then briefly respond accordingly within your group:

1. **See yourself as God sees you.** Christmas can have a huge transformational meaning in your life when you understand that God loves you more than you could imagine. Share a positive word or phrase that you now speak with confidence and claim for yourself, whereas before you knew God you could not accept it to be so.
2. **Believe that God will send you the help to live the life He's called you to live.** It's critical for you to believe God will not leave you nor forsake you, and that the Holy Spirit directs your steps and provides resources for you. What has God recently revealed to you regarding the direction of your life, that to others (maybe even yourself) seems impossible to achieve?
3. **Receive God's calling on your life and submit to following Him.** Being a new creation in Christ means surrendering to what God has shown you to be true. Do you live a transformed life that causes others to want to know what "drives" you? This week, pray about whom to share your testimony with, how God has delivered you and carried you through.

NEW: Will Your Group Continue in 2023?
