Soul winner so what: God wants a relationship with you and the pain in your life is evidence of the fact that you have not done it His way. You have tried and tried and yet the pain does not go away. You are not experiencing victory over the struggle. You need to stop fighting and obey Him.

Homework: If we simply obey everything we know God wanted us to do, we would increase our blessing many times over. Identify one area in your life that you can turn disobedience into obedience and watch the blessings flow.

Extra credit: How many times were the 10 Commandments referred to in the Bible and what were the variations in each version from the first?
